THERE'S ONLY ONE WAY TO GO, UPWARD

It struck me the other day that there needs to be a reason why we do things the way we do. It is not uncommon for that core reason to be lost in the everyday grind. The usual response when asked why is “because that’s the way it has always been done”. So when we took the time to examine “why” we pour our heart and soul into the Upward brand it was refreshing that our original core value still rang true, “It’s because we care”.

We care that our amazing, habitual and loyal users love a clean practical and functional layout.

We care about the environment and use only FSC® certified paper and have achieved our own FSC® chain of custody certification.

We care that the quality of materials used to build our diaries will last longer than the intended 12 months of use.

We care that the cover materials we use are safe and contains no phthalates.

We care that our copysafe pockets will not transfer the toner off the printed pages you store in them.

We care that our deliveries are made on time and in full.

And most of all we care that the information we print is relevant and can be relied upon.

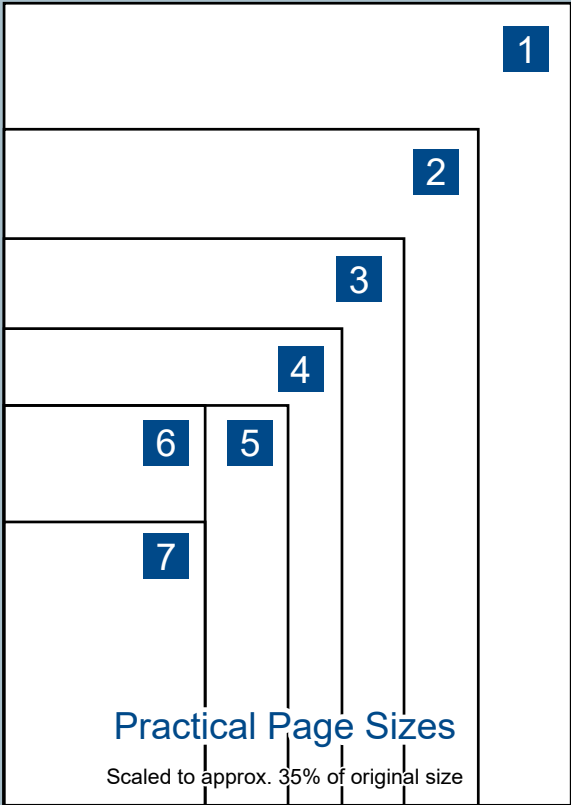

The Annett Group has owned the Upward brand for more than 20 years and from the time of acquisition we set a course for continuous improvement. It is true that pushing the barrow of small business and dated goods is a grind, but it is certainly not without reward. The abundance of testimonials, support and recognition from adoring diary users fuels the fire and remind us of “WHY” we do things the way we do.

Before we reach the end result, we also care that every process in-between is approached with the utmost respect. Our diaries are made in a factory that treats their used water to ensure it is safe to be recycled. Labourers within the factory are not subject to a working week longer than 40 hours as an average and use absolutely no child labour. As part of our ethical certifications we are registered with SEDEX and ensure our materials are sustainably sourced, safe, and contain no harmful chemicals.

UPWARD SPECIAL FORMAT DIARIES

- UNIQUELY TAILORED

Most use a diary to record and organise their time, some however need more specific information and formats. One of Upward's greatest strengths is its commitment to producing special format diaries.

RURAL DIARY

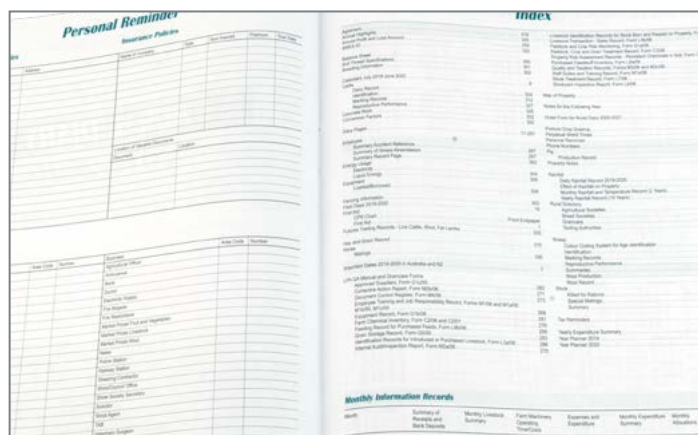

The perfect property and management tool, the Upward Rural Diary is a financial year diary that comes in a hard case, section sewn format. It is long lasting and ideal for storing in a bookcase for future reference. Included are various ledgers, planners, timetables and statements relating to property and stock management. End of month statements are provided for receipts and bank deposits, livestock summaries, operating costs and expenditures. The diary also contains annual financial, environmental, weather, asset and staff reports. Quality assurance forms and property/stock registers make management and compliance a much more straight forward process.

BUSY WOMAN'S DIARY

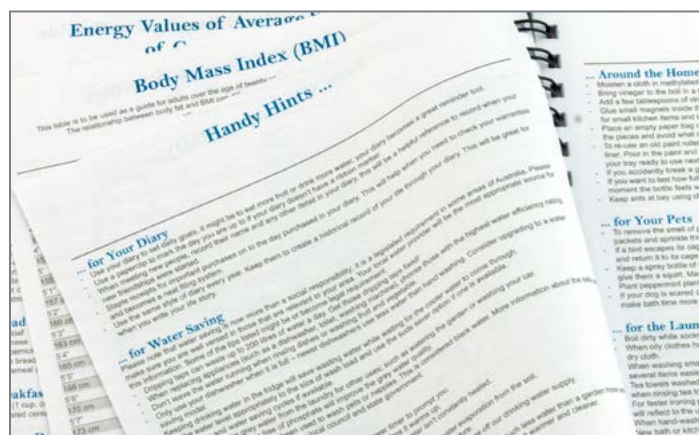

Designed for coordinating a busy household, this diary offers a host of handy hints and information to aid in household management. The week to opening format allows scheduling of family events and appointments at a glance. Monthly budget table assists in planning family finances, while handy hints on household repairs, water saving, stain removal, gardening and personal grooming are provided in the back of the diary. Also included is a table for birthdays and anniversaries, a summary of astrological star signs, list of traditional and modern wedding anniversary gifts, plus reference of monthly birthstones. For extra beneficial health information, a 'Body Mass Index', comprehensive calorie guide, CPR chart, first aid advice and Women's Health section – written by the Royal Hospital for Women Foundation, Sydney, is included. Address book available upon request.

NURSE'S DIARY

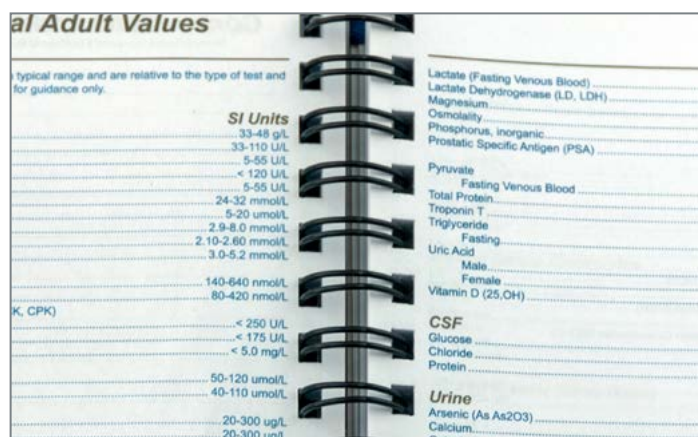

The A7 one week per view format Nurse's diary has been designed to assist nurses on their rounds. Small enough to fit into a pocket, the diary contains information such as a list of nurses' registration boards, usual adult values of medicines and roster duties. Also included is ample room for contact details of associates as well as pockets for cards and ID.

UPWARD ACADEMIC DIARIES - ORGANISED LEARNING

Our schooling period is supposed to be the best years of our lives, so why compromise with anything less than an Upward Diary?

SCHOOL DIARY

Designed to help students plan and prepare for their classes, homework and study. The School Diary assists in setting positive study practices. The B5 one week per view format accommodates up to eight periods per day. It also includes school timetables, study planners, study guide, many useful forms and relevant information.

STUDENT DIARY

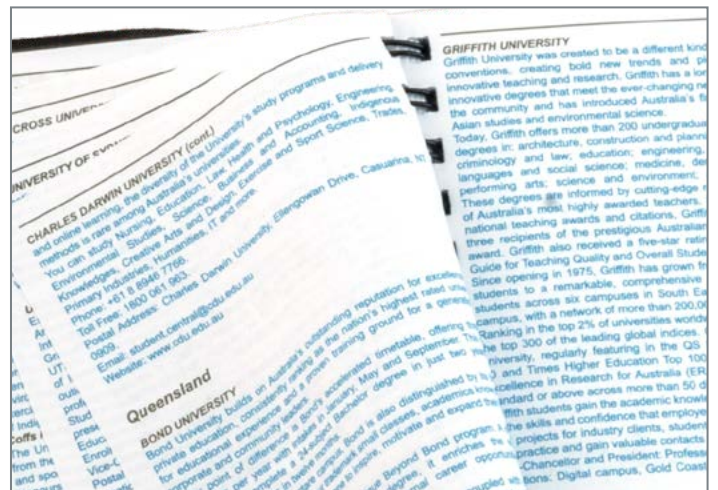

The Student Diary is based on the School Diary content. It comes with a vibrant cover design to match its great features such as wire-o binding and a removable clear PVC cover for added protection and storage space. Additional features include storage/document pocket, card holders and sticker sheet. Address book available upon request.

UNIVERSITY DIARY

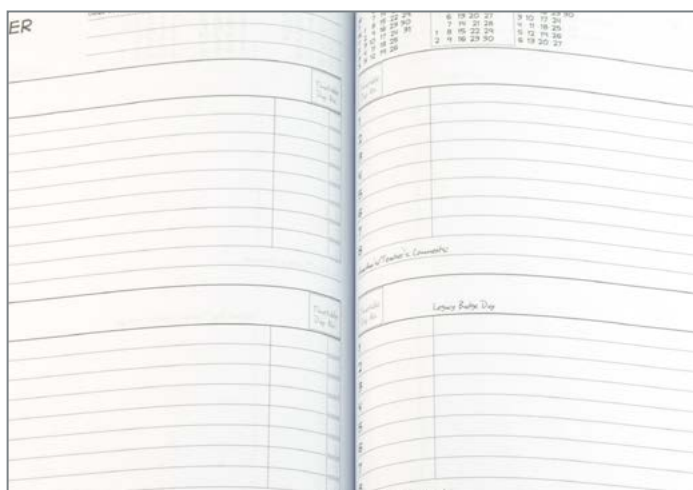

This pocket style diary has been designed specifically with the university and tertiary student in mind. As well as the usual diary information, there is a listing of universities, reading list, social activities planner, examination and lecture timetables. The diary has a Week to Opening page layout, is wire-o bound and sits in a quality PVC cover. Perforated notepaper and business/credit card size storage pockets to complete this feature packed diary. Address book available upon request.

UPWARD UNDATED DIARIES & JOURNALS

- PERSONAL COMPANION

Packed full of features and useful information for travellers and journal writers of all ages.

UNDATED TRAVEL DIARIES

These two versatile and handy undated diaries are packed with informative hints, conversions and information for the Aussie traveller, available in A5 and pocket formats. They include checklists, personal and contact details, distances/flight times, expense ledgers, common foreign phrases, embassy details and the larger A5 diary includes a fold out world map and four additional PVC pockets providing storage for cards and other documents. The day to page format allows plenty of space for notes and memoirs. A removable PVC jacket serves the dual purpose of externally protecting and internally creating valuable storage space. A must have for every traveller.

UNDATED JOURNAL

This printed raw board diary comes with an undated layout so that you can plan your week in the exact way that works best for you. The diary's earthy design pairs well with the useful information contained such as international phone codes, puerperal world times, measurement conversion charts, first aid information and a CPR chart.
